U. OF O. WINS FROM WASH. STATE

Eugene Boys Victors Over Pullman, While Aggies of Corvallis Are Vanquished by Washington University

Portland, Nov. 11.—Getting the jump on the famous Washington State football aggregation, Oregon University, mainly through wonderful playing by Huntington, today defeated Pullman Aggies twelve to three. Oregon's first score was a 3-yard place kick by Huntington, following a sensational 55-yard return by Bartlett of Captain Bangs' kick-off which started the game. In the third period Washington tied the score on Durham's 32-yard drop kick. In the fourth a 16-yard forward pass to Mitchell and a line buck by Huntington gave Oregon its touchdown. The goal kick failed. Oregon's last points were the result of a 39-yard place kick by Huntington.

Seattle, Nov. 11.—Gilmour Dobie's already heavy-laden brow was crowned with another laurel wreath this afternoon when Washington beat the Oregon Aggie football squad to the tune of 35 to 0. Washington first scored in the first quarter when Murphy, after the ball had been carried to the two-yard line, dived the remaining distance for a touchdown, Faulk kicking goal. In the second and third periods neither scored, but in the fourth Murphy again scored a touchdown, which Faulk converted. Hainesworth later carried the ball over, Faulk again making good. The fourth touchdown came when Noble carried the ball over, Faulk again making an accurate boot. Logs, replacing Noble, raced twenty yards for a touchdown, Morrison kicking goal for final points.

KINGDOM OF ARABIA IS ESTABLISHED

Washington, Nov. 11.—Advised by cable from Mecca that an independent kingdom of Arabia has been established, the state department today inquired of England, France and Turkey as to the correctness of the information.

In the event the Mecca message is confirmed, it is likely Sherif Hussein Ben Ali will be recognized as the de facto ruler of Arabia. The message received here was undated, and signed by "The Minister of Foreign Affairs."

5 GERMAN AIRMEN BROUGHT DOWN

Paris, Nov. 11.—The Germans sustained serious losses when they were repulsed in attacks on French positions south of the Somme in the vicinity of Denlecourt, the war office announced today.

"We maintained all our ground," the statement said. "North of the Somme there were spirited artillery duels in the region of Les Boeufs and Sully-Sailly. French aviators brought down five German aeroplanes. Two were destroyed by aviator Guynemer, making the total of enemy machines brought down by him twenty one."

BAKER TO LOSE JOB AS WILSON'S WAR SECRETARY

Washington, Nov. 11.—Custom decrees that every member of President Wilson's cabinet formally resign on March 4, but the indication here today was that every present member of the president's official family, except one, will take this course in a perfectly perfunctory manner, knowing in advance the president won't accept the resignations.

The one exception is Newton Baker, secretary of war. It is known he will hand in his resignation and mean it. The president has plenty of time in which to make up his mind on Baker's successor, but gossip here is inclined to the belief that he would move Secretary of the Interior Lane to the war portfolio, and put some westerner on the job Lane now holds.

PRESIDENT RESTS AFTER CAMPAIGN

Williamstown, Mass., Nov. 11.—That the election is now over, President Wilson today took the first complete rest he has had since the opening of the campaign. During the day he drove through the hills and planned to see a part, at least, of the football game this afternoon between Williams and the State Agricultural college. He leaves at 5:35 on his return journey to Rhinecliff, N. Y., where he boards the Mayflower for a cruise down the river to New York. He expects to come ashore Sunday for church and an automobile ride and will leave that afternoon for Washington by train, arriving about 9 o'clock.

The president's friends are strongly urging him to take an extended cruise on the Mayflower or go away somewhere for a couple of weeks rest before taking up his official duties again and launching his contemplated program in congress. They say the strain of the campaign has prevented him from getting the rest he needed at Shadow Lawn.

The president himself has made no definite plans. He is delighted at the prospect of having a working majority in both houses of congress and is already planning legislation.

First of all probably will come completion of the program set forth to settle the threatened railroad strike last summer. Immediate action will be urged on this in his first message to congress.

JEANNETTE CAN DANCE AND TALK

Washington, Nov. 11.—"Jeannette is the best stump speaker in Montana; can dance like a boarding school girl and, believe me, she'll lead the men's section of congress a merry little two-step."

This is Jessie Hardy Stubbs, a prominent suffrage worker, estimate of Jeannette Rankin, elected by Montana to be the first congresswoman in the United States. Suffrage workers are happy over the Montana happening.

"How is Jeannette running?" was the question with which they bombarded the United Press all through the hours from Tuesday until Friday.

"She's a good fellow," Miss Stubbs said. "Just a normal American girl, who sat beside her brothers at college and studied the same sociology and economics. Therefore, she is pretty much the same as the average common sense man or woman. No campaigner can hold a crowd longer. She is bright, clever, and intelligent; she has a keen, well-balanced mind. She enjoyed being heckled by the crowds, for she always had a come-back."

CROWN JOHN MILLS OF TALENT SUGAR BEET KING

Crowds Come to Grants Pass to Celebrate Sugar Day, Inspect Factory and Discuss Matters Pertaining to the Industry While Accepting the Hospitality of the Citizens of the Factory City of Southern Oregon

John Mills, of Talent, was crowned the "Banner Sugar Beet Grower" at the Beet Growers' celebration held in Grants Pass Saturday. He reported a crop of 38 tons per acre, yielding a gross return of \$154 per acre, the cash outlay being but \$29.79 per acre. Mr. Mills' experience was one of those related at the big meeting held in the Tabernacle Saturday afternoon as a feature of the Sugar Day celebration.

Beet growers and prospective beet growers from all of southern Oregon gathered in Grants Pass as the guests of the city yesterday. 600 farmers and their wives coming by the special trains from as far north as Oakland and from Ashland to the south. The special train from the south was provided by the citizens of Grants Pass, and return tickets were supplied free of charge to every farmer who wished to come. From the north special rates were made upon the regular trains and the fares paid were refunded by the people of this city.

The visitors were met upon the arrival of the trains by citizens with automobiles, and all went directly to the sugar factory in South Grants Pass, where they were escorted through the million dollar establishment and watched the process of conversion of sugar beets into sugar. Including the local people, 2,000 men and women got their first view of the inside of the factory, through which they were piloted by the officials of the Utah-Idaho Sugar company. The factory was in full operation, and was slicing beets at the rate of 500 tons per day, while a sack of sugar

was being put into the warehouse every 40 seconds.

Upon the factory grounds the visitors were escorted through the feeding pens, where steers were being fattened upon beet pulp, while farmers were seen loading tons of the pulp to be hauled to their farms for feeding to fattening stock and to milch cows.

At noon, after inspection of the factory, the visitors were guests of the city at dinner, the hundreds being fed at the commercial club and by various church societies in church dining rooms.

The program of the afternoon was held at the Tabernacle building, which seats 1,500 people. Acting Mayor Demaray, chairman of the committee in charge of the celebration, presided, and an address of welcome upon the part of the city was delivered by Rev. L. M. Booser. The response was by Alex Nibley, manager of the sugar factory, who was followed by H. J. Dyer, of the Dyer Construction company, which had the contract for the erecting of the sugar plant. Frank Bramwell told of the value of the beet sugar industry to a community, and Paul Kirker, of the sugar company, detailed the investment which the company had made in the Rogue valley, the figure being more than a million dollars.

The interesting portion of the program was that indulged in by the beet growers and farmers themselves. John Mills, the banner sugar beet grower of southern Oregon, was first. He had kept close tab upon the cost of producing beets, and showed that

OREGON'S "BONE DRY" AMENDMENT CARRIED BY 3000

Portland, Nov. 11.—Liquor in any form is going to be as scarce as hen's teeth in Oregon within a month. The "bone dry" amendment to the state constitution has carried by 3,000, according to returns today, and the importation of bottled goods from California is halted.

San Francisco, Nov. 11.—The California dry federation this afternoon conceded the defeat of prohibition amendment No. 2. B. M. Gaudier, state superintendent of the drys, declared:

"Although the amendment received 30,000 outside the city of San Francisco, this was not enough to overcome the big vote polled against it in San Francisco."

Slakiyou county voted 600 against amendment No. 1.

On No. 2, Del Norte went 172 for amendment; Slakiyou 342 against amendment.

REFUSES TO ADMIT DEMOCRATIC VICTORY

New York, Nov. 11.—National Republican Chairman Wilcox still "stood pat" today on his statement of yesterday, yielding nothing to the democrats.

"We are getting a number of charges and suggestions of fraud," he added. "These have come by telegraph, mostly anonymous. We have followed the plan of turning them over to the proper officials for investigation. We are simply waiting for final returns and the official count."

Wilcox pointed out with particular emphasis the possibility of mistakes in the count rather than laying any stress on fraud charges. He cited the fact that four years ago the democrats claimed California by 3,000, whereas official returns showed a split vote there.

Wilcox will have a conference with Charles E. Hughes late this afternoon. The republican nominee took a long automobile ride during the morning.

TAKE I. W. W.'S TO EVERETT FOR TRIAL

Seattle, Nov. 11.—Seattle police, under Chief Beckingham and Lieut. Hedge, accompanied the special carload of handcuffed I. W. W. who Everett last night, to protect them against possible violence from Snohomish county citizens.

The 41 members of the organization have been formally charged with murder in connection with the gun fight in which two deputies and five I. W. W. were killed at the Everett water front Sunday.

Forty special deputies, besides the uniformed police, were in charge of the interurban special car, which left Seattle with the prisoners about 7 p. m.

The word of the departure was kept secret and the prisoners were lodged in the Snohomish county jail before any one knew they had been brought back. A deputy walked beside each pair of handcuffed prisoners.

Attorney C. E. S. Wood, of Portland, arrived in Seattle to prepare for the defense of the accused men.

Bismarck, N. D., Nov. 11.—With 15 precincts missing, the North Dakota vote stands at 1 p. m. today: Wilson, 54,279; Hughes, 53,164. Majority for Wilson, 1,115.

MAIN BATTLE ON EASTERN FRONT

Contest Between Allied Armies and von Mackensen's German Troops for Danube Bridgehead Is Chief Strife

London, Nov. 11.—The great battle between Russo-Romanian and General Mackensen's German troops in the Dobruja for the possession of the bridgehead that crossed the Danube at Cernavoda continues.

Advices today from Bucharest, Petrograd and Berlin regarding yesterday's fighting emphasize this conflict as the most important of the day on any front.

Occupation of the Dnestrov station, about two miles due west of Cernavoda, claimed by Petrograd, and not denied from Berlin, appears to have given the Slavonic armies at least a temporary advantage in their efforts to press back or envelop General Mackensen's left flank, which rests on the Danube. Military experts here say a clear success at this point would change the complexion of the Danubian front materially, with great disadvantages to the Germans.

Russians are reported in strong force about Cernavoda. They are reported hurriedly bringing up artillery for a final smash.

Reports of sanguinary fighting in this sector appeared to be borne out by other reports to Petrograd of hundreds of dead picked up in territory from which Mackensen's forces have been hammered back.

There was still doubt here as to the sharp fighting about Predael. Both sides claimed the advantage. The Berlin statement admitted the Transylvania Roumanian armies adopted a strong offensive but that all attacks were repulsed.

In the territory about Dornavatra, in the Carpathian mountains, Russian troops, according to Berlin, have developed a powerful offensive. The Berlin announcement attaches much importance to their claim that terrific Austrian counter-attacks have chased the Slavs from heights they took by storm in three days of fighting ending Friday. The menace a Russian victory would be to General Falkenhayn's rear at this point, has led to the belief that the Teutonic armies will make a desperate stand.

General Brusiloff's Slav armies, Berlin advices said today, were subject to a series of ferocious wave attacks north of Baranovichi, where heavy fighting is going on for possession of railway lines which connect with Minsk to the north east and with Strumen to the southeast of Baranovichi. It was at this point that Berlin reported heroic achievements by soldiers under General von Wyna and a regiment of Brandenburgers. The Russians, according to Berlin, were swept back to their second line of trenches after eight assaults.

DEUTSCHLAND IS READY TO SAIL

New London, Conn., Nov. 11.—With her cargo, said to be worth \$100 million, stowed snugly aboard, the German submarine merchantman Deutschland is expected at any time to begin her return trip to Bremen. Reports in some quarters today were that she would begin her dash within 48 hours.
